IMPORTANT SAFETY INSTRUCTIONS

WARNING

Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you ("Purchaser"), and neither mophie llc nor Manufacturer, are responsible.

Do not store device in high-temperature environment, including heat caused by intense sunlight or other forms of heat. Do not

place device in fire or other excessively hot environments. Exposure to fire or temperature above 212°F (100°C) may cause explosion.

-  Do not expose the wireless charger to rain or snow.
-  Do not use the wireless charger in excess of its output rating. Overloading outputs above rating may result in a risk of fire or injury to persons.
-  Do not disassemble this product or attempt to re-purpose or modify it in any manner.
-  Do not attempt to replace any part of this device.
-  For questions or instructions for the various ways to charge this device, refer to the illustrations in this quick-start guide.
-  Use of a power supply or charger not recommended or sold by mophie may result in a risk of fire or injury to persons.
-  If this device is accessible to or may be used by a minor, purchasing adult agrees to be solely responsible for providing supervision, instruction, and warnings. Purchaser agrees to defend, indemnify, and hold mophie llc and Manufacturer harmless for any claims or damages arising from unintended use or misuse by a minor.
-  All products have gone through a thorough quality assurance inspection. If you find that

your device is excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstrating an abnormal phenomenon, immediately stop all product use and contact Manufacturer.

- ⓧ Switch off the wireless charger when not in use. The wireless charger will automatically switch off when disconnected from its wall charger.
- ⓧ To disconnect the wireless charger from line voltage, pull the AC adapter from the AC outlet.
- ⓧ The AC outlet shall be installed near the charging pad and shall be easily accessible.
- ⓧ To comply with FCC/IC RF exposure compliance requirements, the wireless charger must be used with a separation distance of at least 20 cm from all persons.

Ultraviolet (UV) light may cause eye damage. Do not look directly at the light. If you experience any discomfort or pain, stop using the UV Sanitizer and contact your physician.

Legal

Neither mophie llc nor Manufacturer shall in any way be liable to you or to any third party for any damages you or any third party may suffer as a result of use, intended or unintended, or misuse of this product in conjunction with any device or accessory other than the appropriate device for which this product is designed. Neither mophie llc nor Manufacturer are responsible for any damages you or any third party may suffer as a result of misuse of this product as outlined above. Purchaser agrees to defend, indemnify, and hold mophie llc and Manufacturer harmless for any claims or damages arising from unintended use or misuse, including use with an unintended device.

This device complies with part 15 of the FCC Rules and RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio

frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.

MODIFICATION: Any changes or modifications of this device could void the warranty.

THIS DEVICE CONFORMS TO UL STD. 60950-1. CERTIFIED TO CSA STD. C22.2 NO. 60950-1. CONFORMS TO UL SUBJECT 2056.

STATEMENT OF COMPLIANCE

Hereby, mophie declares that the radio equipment wireless charging base is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: http://www.mophie.com/cert_red.

Manufacturer name..... ZAGG Inc / ZAGG International
Commercial registration number 914440300683777942X.
Address 910 W Legacy Center Way, Ste. 500,
Midvale, Utah 84047 /
103 Shannon Industrial Estate,
Shannon Co. Clare, V14 PH21, Ireland

Model identifier **MUV-WC-201**

Input voltage 100V / 240V

Input AC frequency 50Hz / 60Hz

Output voltage 12V / 12V

Output current 1,5A / 3A

Output power 18W / 18W

UV Sanitizer

Input Voltage 5V / 9V / 12V

Wireless Charger Output 10W / 7.5W / 5W

Ultraviolet Disinfection 2W

UV-C Wavelength 270nm-285nm

UV-A Wavelength 390nm-405nm

 WEEE STATEMENT:

All of our products are marked with the WEEE symbol; this indicates that this product must NOT be disposed of with other waste. Instead it is the user's responsibility to dispose of their waste electrical and electronic equipment by handing it over to an approved re-processor, or by returning it to mophie inc. for reprocessing. For more information about where you can send your waste equipment for recycling, please contact mophie, inc. or one of your local distributors.
